Etihad Rail is cultivating a thriving transportation ecosystem for our region and the rest of the world that is rooted in collaboration, prosperity, and opportunity. Through the consistent support of His Highness Sheikh Mansour bin Zayed Al Nahyan, UAE Vice President, Deputy Prime Minister, and Minister of the Presidential Court, and the UAE's wise leadership, we aim to further solidify the position of our national project at an international level.

This support is further underscored by the establishment of Global Rail, which provides Etihad Rail with a platform that will enrich the regional transport and logistics sector, ensuring its growing demands are met, and thus further driving its development.

**H.H. Sheikh Theyab bin Mohamed bin Zayed Al Nahyan**  
Chairman of Etihad Rail

Global Rail unites the world's foremost strategic visionaries, industry leaders, transporters, and financiers, as rail transport leads the way towards efficient, sustainable, and integrated mobility solutions, fostering economic growth and advancing a more connected world.

The railway sector in the UAE and GCC countries represents a pivotal part of our future vision. Global Rail will contribute to forming partnerships and concluding future agreements in conjunction with the launch of the next phase of our journey, especially as we hold the reins of the future of the transportation and logistics sector.

**H.E. Suhail Al Mazrouei**  
UAE Minister of Energy and Infrastructure

## At a glance

Held under the patronage of His Highness Sheikh Mansour bin Zayed Al Nahyan, UAE Vice President, Deputy Prime Minister, Minister of the Presidential Court and hosted by Etihad Rail, Global Rail Transport Infrastructure Exhibition and Conference unites strategic visionaries with industry leaders, transporters, and financiers, catalysing a future where rail transport leads the way towards efficient, sustainable, and interconnected mobility solutions for a better world.

Purposeful investment is central to Global Rail's mission, which represents a commitment to funding infrastructure solutions that will reshape the industry and leave a lasting impact on future generations. Global Rail stands as a symbol of unity, where industry leaders come together to address the most pressing challenges in public and commercial transport, charting a bold new course amidst evolving global dynamics.

**200+**  
international exhibitors

**200+**  
industry speakers

**120+**  
countries

**15,000+**  
global attendees

## Global Rail in focus

Join a global network of industry leaders, policymakers, financiers, and experts at Global Rail to harness opportunities and address critical challenges within the transportation ecosystem. Our primary focus lies in fostering integrated transport frameworks, stimulating economic growth, and driving investments towards robust infrastructure for a sustainable future and enhanced quality of life.

Collectively, we chart a path toward interconnected, low-carbon communities, enhancing lives on a global scale.

# 1bn+

People integrated with rail by 2030

## Envisioning interconnected cities of the future

In a world marked by rapid population growth and diverse transportation demands, Global Rail emerges as the driving force propelling the transportation industry of tomorrow into today's reality. By uniting visionaries, policymakers, financiers, and technical experts from across the globe, Global Rail catalyses dynamic dialogue, collaboration, and transformation.

At its core lies a compelling vision: sustainable mobility, cultivated through strategic partnerships within integrated transport ecosystems. Global Rail applies this vision on a global scale, fostering collaboration among stakeholders to unlock new opportunities, drive progress, and shape the future of transportation.

# \$386bn

Global passenger rail market by 2030

The Global Rail Transport Infrastructure Exhibition and Conference explores the next generation of railway services, infrastructure and smart systems to realise the sustainable, interconnected transportation ecosystems of the future.

## Benefits of participation

### **Forge lasting connections**

Connect with decision makers, leaders, policymakers, and global rail experts, fostering valuable relationships for potential collaborations, partnerships, and knowledge-sharing opportunities.

### **Stand at the forefront of innovation**

Dive into a wealth of insights from global pioneers and stay informed on the latest innovations and best practices for enhancing the logistics and transportation ecosystem in the region.

### **Expand your business horizons**

Showcase your innovations, solutions, and technologies to a diverse and influential audience, opening doors to new business opportunities, partnerships, and potential projects that can drive business growth in the rail ecosystem.

### **Shape future policies**

Global Rail provides an influential platform to showcase your expertise and innovations to transport policymakers, and thus, driving the development of the transport and mobility industry.

### **Position your portfolio**

Maximise market visibility by participating as a sponsor or exhibitor. Showcase your brand on a global scale, enhancing recognition, fostering trust, and positioning your organisation as a key player in advancing smart cities of the future.

### **Facilitate global collaboration**

Engage in collaborative initiatives that transcend boundaries. Join leaders across the rail value chain to contribute to the advancement of an integrated and sustainable global rail and intermodal transport ecosystem.

# The Global Rail exhibition

Experience firsthand international rail solutions that champion sustainability and climate-resilient infrastructure, which drive forward progressive policy frameworks and strategic investments across the industry.

## Smart Mobility & Transport Solutions

Integration of digital technologies such as AI, IoT, and predictive maintenance for enhanced operational efficiency and safety.

## Construction, Infrastructure & Engineering

Development, modernisation, and maintenance of rail infrastructure, including tracks, stations, and signaling systems.

## Logistics & Supply Chain

Automation, integration of intermodal transportation solutions, and adaptation to global supply chain requirements.

## Policies & Regulations

Current and upcoming initiatives under evolving policies and regulations, including safety standards and environmental procedures.

## Sustainability

Initiatives promoting eco-friendly practices, electrification of rail lines, adoption of renewable energy, and measures to reduce road carbon emissions, all contributing toward achieving net-zero targets.

## Passenger Experience

Operational and management aspects of rail services, with a focus on efficiency, enhancing customer satisfaction, and improving the overall journey experience.

# Specialised Areas

Engage with industry leaders at the International Projects Pavilion, Finance Pavilion and Innovation Hub. These dedicated areas, unique to Global Rail, are essential for identifying new frontier market opportunities, discussing advanced financing models for current and future large-scale projects, and connecting with the latest technologies poised to revolutionize the rail and transport industry.

## Innovation Hub

Experience innovations at the forefront of rail technology and sustainable practices in this dynamic space dedicated to presenting groundbreaking digital solutions, smart infrastructure advancements, and disruptive solutions that are transforming the rail transport landscape.

## Projects Pavilion

Connect with contemporary and forthcoming transport infrastructure rail projects in emerging markets; initiate strategic conversations with counterpart rail operators and developers in rail, engineering, infrastructure, real estate and benefit from a unique platform facilitating direct access to developing frontier markets, investment opportunities into sustainable capital allocation, that will accelerate projects, economic growth and inclusive prosperity.

## Finance Pavilion

The Finance Pavilion at Global Rail is your gateway to forging valuable connections with top financiers and investment leaders who are at the forefront of funding the rail industry's most ambitious projects. This dedicated space offers an unparalleled opportunity to engage in meaningful discussions, explore innovative financing solutions, and collaborate on strategies that will bring the next major rail projects to life. Whether you're looking to secure capital for your ventures or seeking insights from industry experts, the Finance Pavilion is the ideal platform to turn your rail project aspirations into reality.

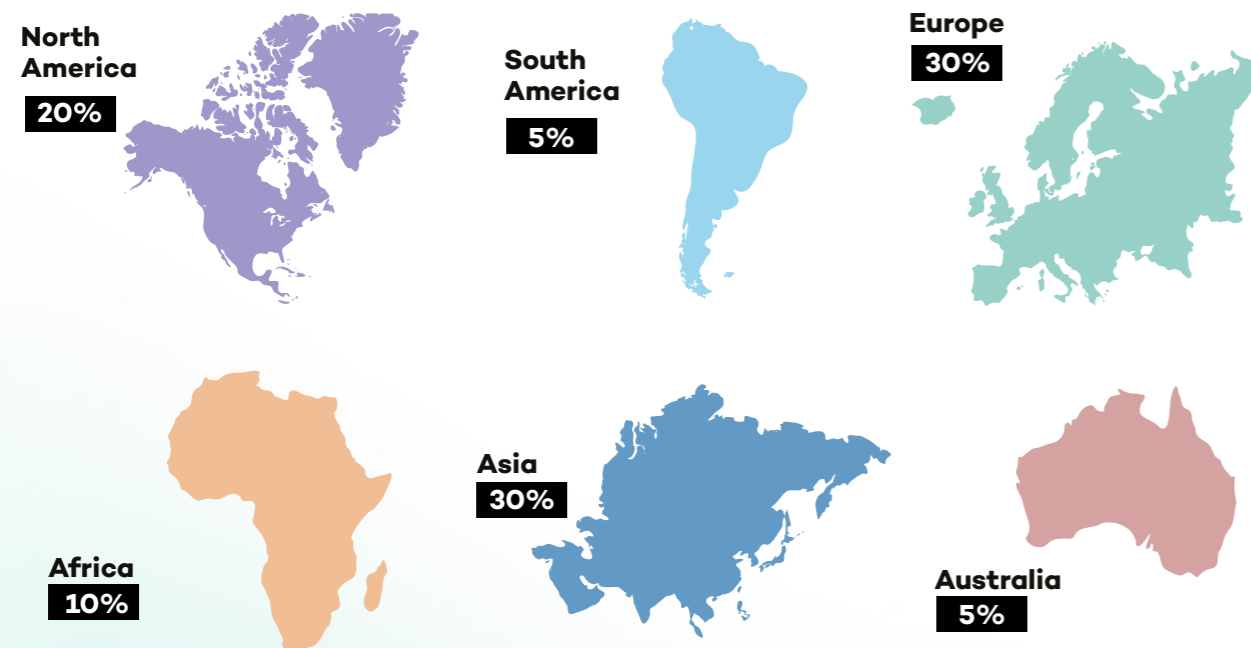

## Construction Hub

Spotlighting advancements in railway construction across track laying, station development, depot facilities, rolling stock assembly and more, the Construction Hub redefines industry standards and demonstrates leadership in construction methods, state-of-the-art equipment and effective project management strategies.

**NEW FOR 2025**

# A global assembly of rail and infrastructure innovators

Global visibility and exposure

Attention to your brand

Insights to rail industry trends

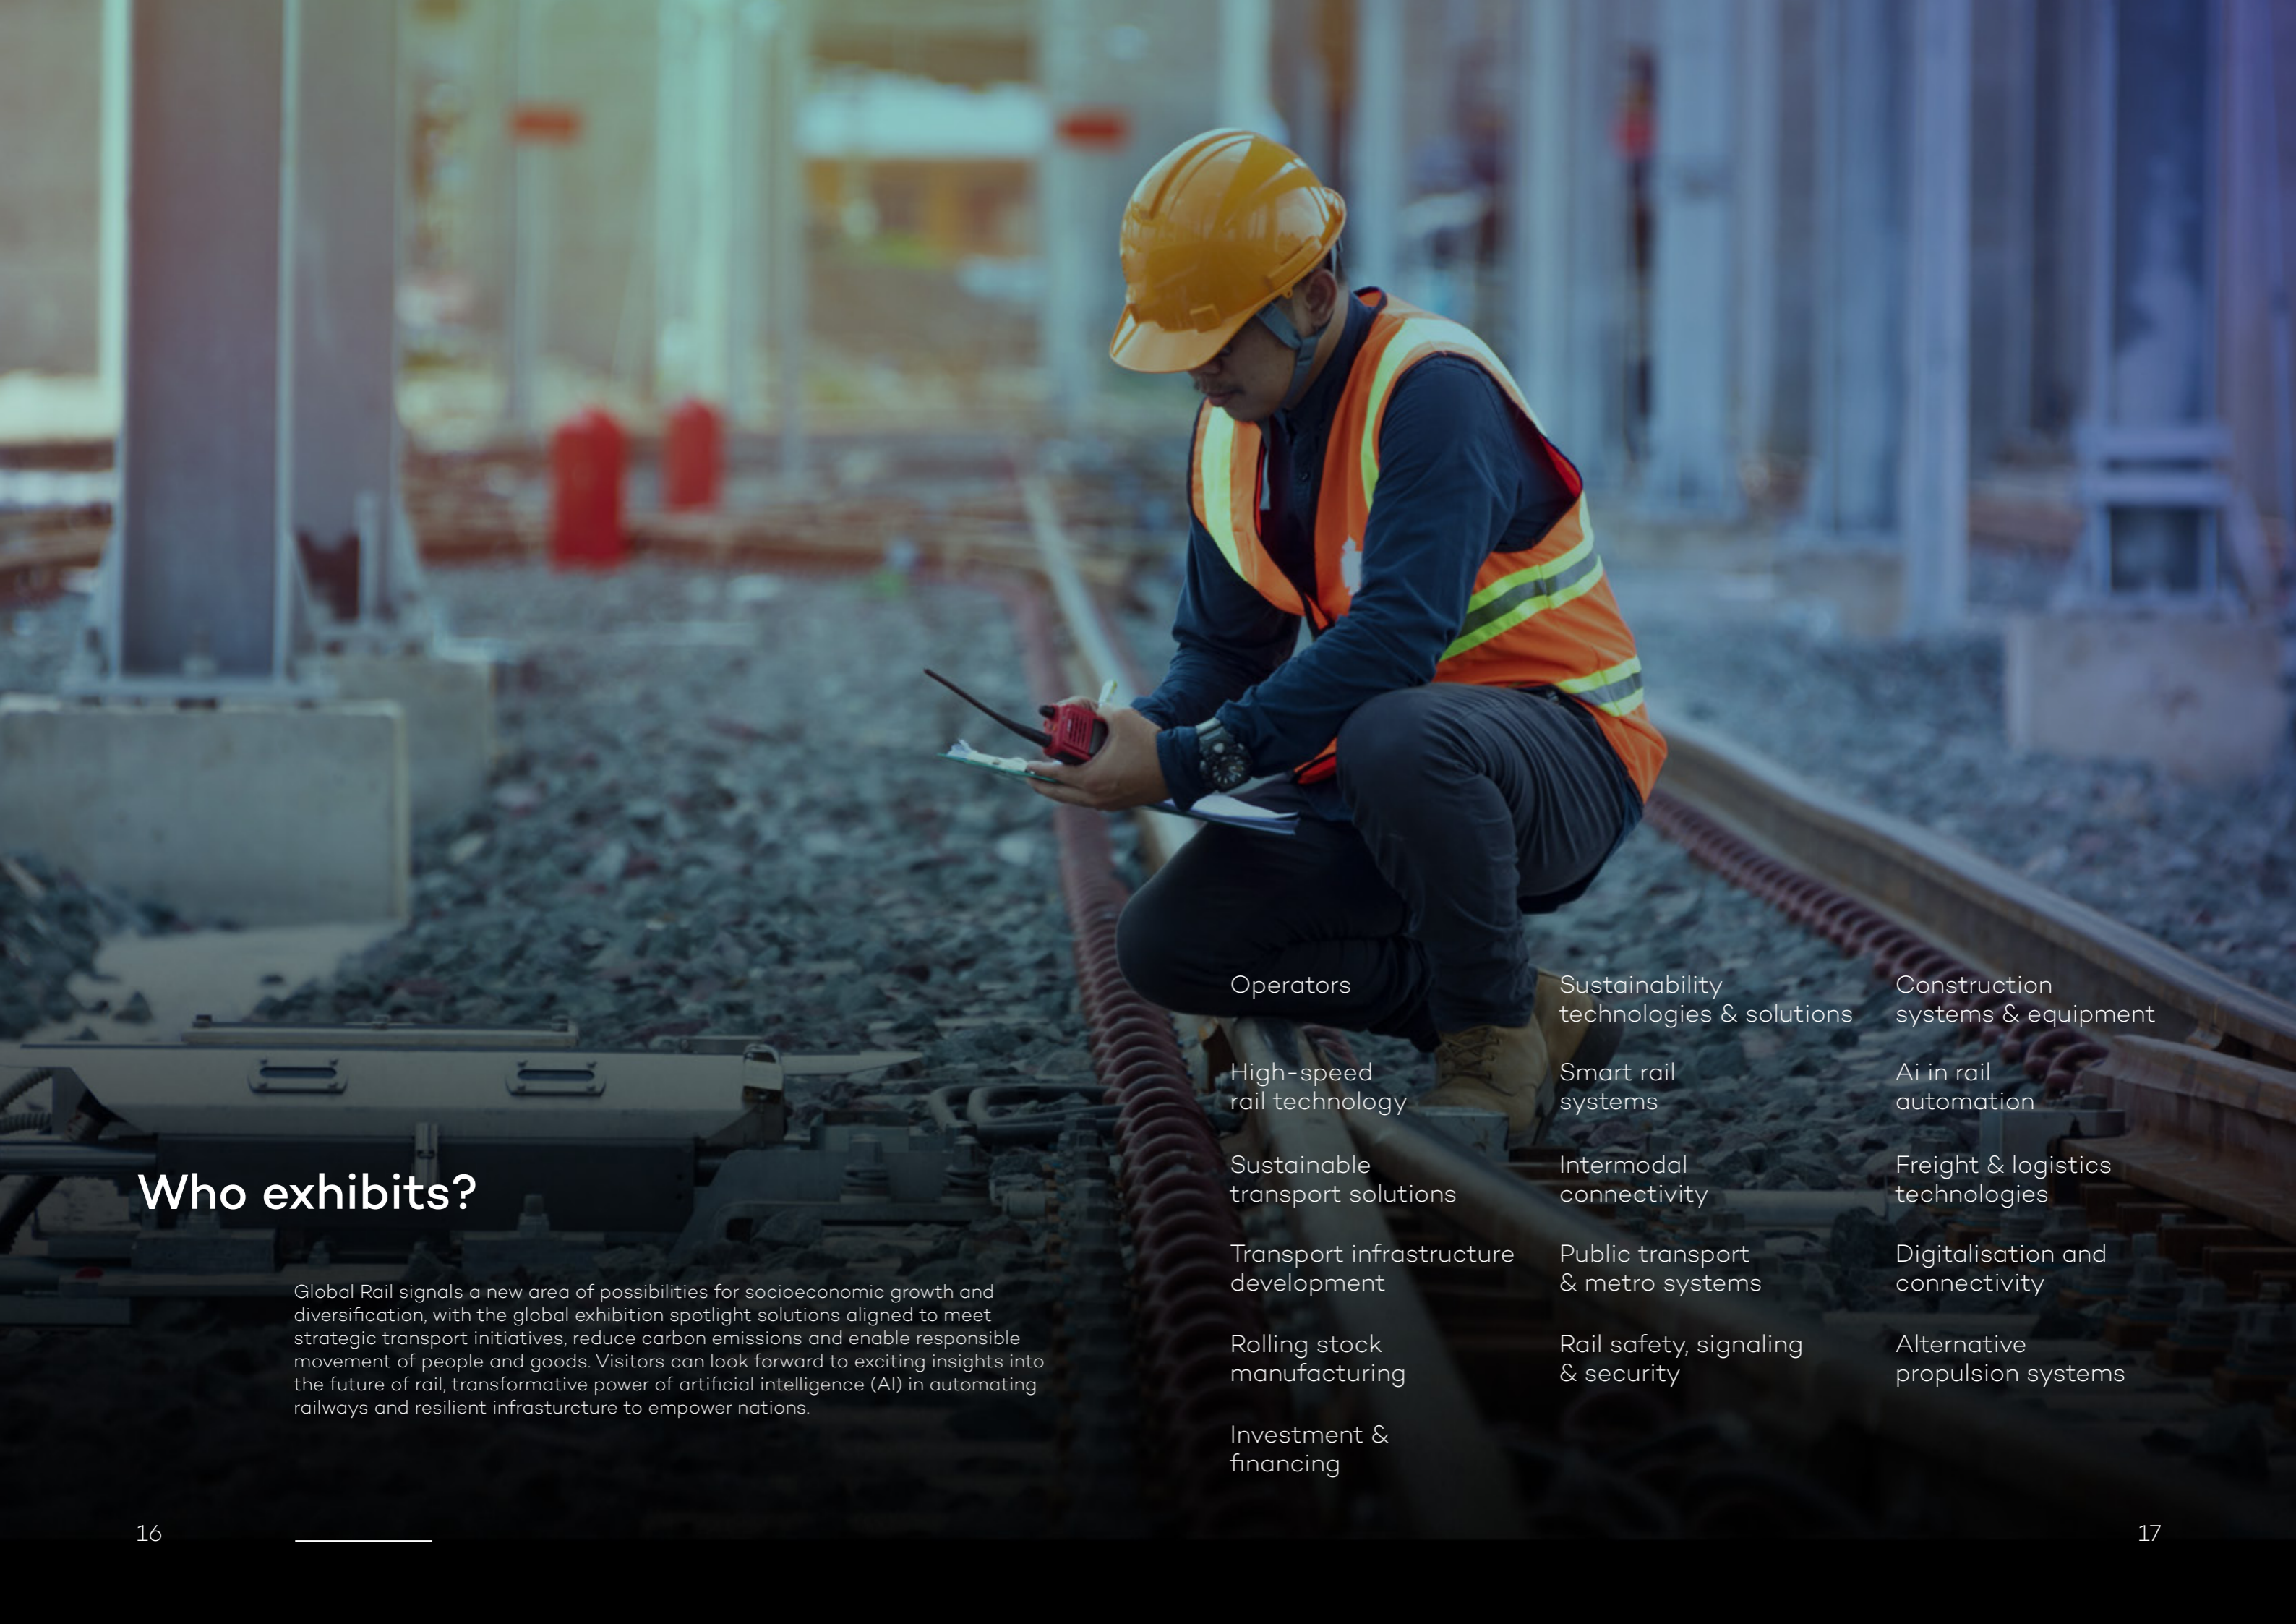

Breakthrough innovations

Access to rail projects

Opportunities on the horizon

# Who will you meet at the 2025 edition?

- Chief Executive Officers
- Directors of Rail Operations
- Infrastructure Investment Strategists
- Rail Fleet Management Specialists
- Government Rail Transportation Planners
- Procurement Managers
- Rail Safety and Compliance Officers
- Transportation Infrastructure Project Managers
- Rail Technology Solutions Consultants
- Railway Project Development Managers
- Rolling Stock Innovation Engineers
- Logistics and Supply Chain Directors
- Urban Transportation Integration Planners
- Railway Systems Integration Specialists
- Rolling Stock Procurement Directors
- Environmental Sustainability Managers
- Rail Security and Risk Management Directors
- High-Speed Rail Development Executives
- Railway Financial Strategy Analysts
- Senior Research and Development Engineers
- Global Rail Solutions Specialists
- Sustainable Rail Technologies Managers
- Energy Transition Strategists
- Rail Environmental Compliance Officers

## Who exhibits?

Global Rail signals a new area of possibilities for socioeconomic growth and diversification, with the global exhibition spotlight solutions aligned to meet strategic transport initiatives, reduce carbon emissions and enable responsible movement of people and goods. Visitors can look forward to exciting insights into the future of rail, transformative power of artificial intelligence (AI) in automating railways and resilient infrastructure to empower nations.

Operators

High-speed rail technology

Sustainable transport solutions

Transport infrastructure development

Rolling stock manufacturing

Investment & financing

Sustainability technologies & solutions

Smart rail systems

Intermodal connectivity

Public transport & metro systems

Rail safety, signaling & security

Construction systems & equipment

AI in rail automation

Freight & logistics technologies

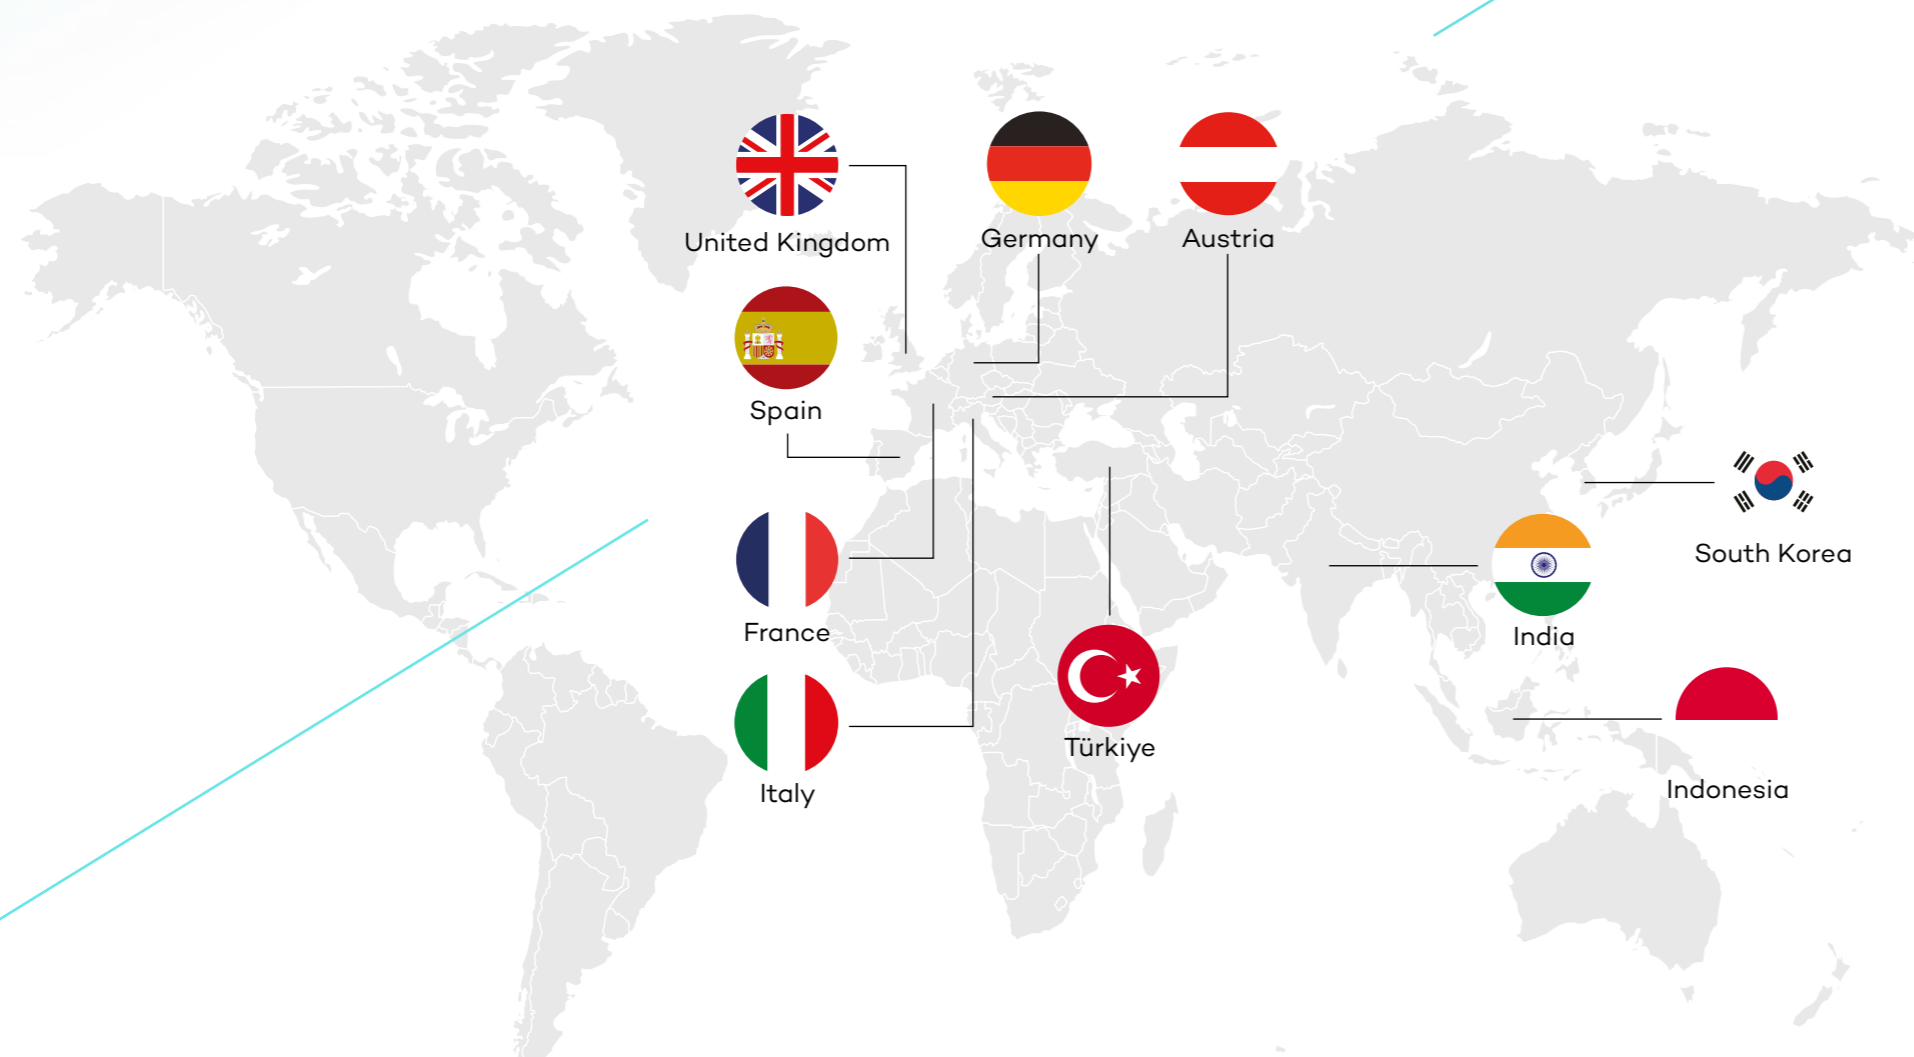

Digitalisation and connectivity

Alternative propulsion systems

# Representation from international country pavilions

The Global Rail 2024 country pavilions will unlock a wide range of opportunities, enabling rail and rail infrastructure solution providers to showcase cutting-edge products, technologies, and expertise to over 15,000 international professionals. Pavilion exhibitors will benefit from the collective strength and reputation of their country's rail industry, ensuring enhanced visibility and credibility among visitors actively seeking solutions for future needs.

These pavilions will act as central hubs for showcasing each country's rail and transport capabilities, bringing together a diverse array of companies under one roof, allowing visitors to assess competitive solutions. Additionally, the Global Rail country pavilions will provide insights into participating countries' rail landscapes, resources, policies, and investment opportunities-critical information for identifying potential partnerships or distribution channels.

## Setting global connectivity in motion

Central to Global Rails mission is purposeful investment – a commitment to funding infrastructure solutions that will leave a lasting impact on the industry and future generations. Global Rail stands as a symbol of unity, where industry leaders unite to address the most pressing challenges in public and commercial transport, charting a bold new course amidst evolving global dynamics.

**200+**  
global speakers

**45+**  
impactful sessions

**40+**  
hours of insights

### THEMES

- Integrated transport ecosystems for tomorrow
- Global collaboration driving purposeful investment for growth
- Innovation driven mobility for sustainable living

# Global Rail conferences

The three-day Global Rail agenda will feature thematic streams, keynote addresses, panel discussions and fireside chats. These sessions will address global trends in rail, sustainable rail infrastructure, multimodal integration challenges, environmental impact, new regulatory frameworks, financing, logistics, and advanced security and safety practices. The event will engage more than 150 speakers including global policymakers, government representatives, institutional leaders, and railway pioneers, all of whom will come together to set an example of the international dialogue that is necessary to link principal centers of population and industry for an interconnected future.

## Strategic Conference

The strategic conference will gather over 150 global speakers for keynote speeches, panels, and interactive sessions. It will focus on developing smart, sustainable transport ecosystems, unlocking value in rail projects through collaboration, integration, and digitalisation, and driving innovation and competitiveness in the global transport ecosystem through policy and governance.

## Technical Conference

The technical conference will address cutting-edge R&D case studies, from technology pioneers, research institutes, consortiums, industry, and academia. It aims to disrupt rail operations, maintenance, passenger experience, and project delivery, unlocking value for stakeholders across the rail, transport, and mobility value chains.

## Roundtables

In a closed-door setup, the roundtable discussions will bring together government officials, CEOs, and C-level executives to debate key industry market dynamics. This includes discussions on financing and governance, addressing the questions and needs of the industry.

# Conference themes

**Intermodal Connectivity**

**Smart Mobility**

**Infrastructure Resilience**

**Policy and Governance**

**Cost Optimisation and Value Creation**

**Sustainable Financing**

**Digital Transformation and Communications**

**High Speed Project Delivery**

**Digitally Connected Mobility**

**Smart Cities**

# Featured speakers of the 2024 flagship edition

**His Excellency Suhail Mohamed Al Mazrouei**  
Minister of Energy and Infrastructure  
United Arab Emirates

**H.E. Jasem Mohamed AlBudaiwi**  
Secretary General  
Cooperation Council for the Arab States of the Gulf

**H.E. Hon. Fred Byamukama**  
State Minister of Transport  
Uganda

**H.E. Liburn Aliu**  
Minister of Environment, Spatial Planning and Infrastructure  
Kosovo

**H.E. Mothanna Gharaibeh**  
Minister of Investment  
Jordan

**Josu Imaz**  
CEO Rolling Stock and Member of the Executive Board  
CAF

**Howard Rosen**  
Chairman  
Rail Working Group

**Dr. Lin Peng**  
Director of National Engineering Research Center  
CRRC

**Ahmed AlMusawa AlHashemi**  
CEO  
Hafeet Rail

**Nasir Al Shamsi**  
Chief Transport Officer  
BEEAH

**H.E. Ngalle Bibehe Jean Ernest Massena**  
Minister of Transport  
Cameroon

**H.E. Óscar Puente**  
Minister of Transport and Sustainable Mobility  
Spain

**H.E. Lee Seong-hai**  
Chairman and CEO  
Korea National Railway  
South Korea

**H.E. Faisal Al Bannai**  
Adviser to the UAE President for Strategic Research and Advanced Technology Affairs, and Secretary General of ATRC

**H.E. Shadi Malak**  
Chief Executive Officer  
Etihad Rail

**Frank McCrorie**  
Chief Operations Officer  
Abu Dhabi Airports

**Mustafa Koçar**  
CEO  
Kalyon Holding

**Stephane Timpano**  
CEO  
ASPIRE

**Armando Fombella**  
General Manager and Project Director  
Renfe KSA

**Dr. Fan Zhu**  
Chief Technology Officer  
Bayanat

**H.E. Abdullah Al Marzouqi**  
Director General  
Integrated Transport Centre (DMT)

**Hassan Al Mutawa**  
Director - Rail Operations  
Roads and Transport Authority (RTA)

**Raúl Blanco Díaz**  
Chairman and CEO  
Renfe-Operadora

**Giuseppe Marino**  
Group CEO  
Hitachi Rail

**Pierre Verzat**  
CEO  
SYSTRA

**Sergio Vázquez Torrón**  
Chairman and CEO  
Ineco

**Thomas Pramotedham**  
CEO  
Presight

**Jerome Frost**  
Chair  
Arup

**Rahul Mithal**  
Chairman and Managing Director  
RITES

**Jack Zhang**  
Executive Vice President  
Locomotive  
Progress Rail

**Andrew Deleone**  
President  
Alstom Africa, Middle East, and Central Asia (AMECA) Region

**Abdulla Bin Damithan**  
CEO & Managing Director  
DP World GCC

**Capt. Abdulkareem Al Masabi**  
CEO  
ADNOC L&S

**Omar Al Mahrizi**  
CEO  
Asyad Ports

**Jeffrey Sim Yee Ming**  
Group CEO, Non Independent  
Executive Director  
SBS Transit

**Guillermo Cabelo Fernandez**  
Chief Institutional Relations Officer & Global Head of Commercial Affairs  
Técnicas Reunidas SA

**Mohammad Jaber**  
Managing Director, DSV Air & Sea Abu Dhabi & COO, DSV Solutions, Abu Dhabi

**Abbas Husain**  
Global Head, Infrastructure & Development Finance Group  
Standard Chartered Bank

**Carlo Palasciano Villamagna**  
Executive Chairman  
Mercitalia Logistics

**Ekaterina Kozyreva**  
President, IEC International  
Co-Founder, InfraEconomy Group

**Muhsin Alrustom**  
Group Chief Financial Officer  
Asyad

**Saif Al Qubaisi**  
Senior Vice President  
UAE Industries  
Mubadala

**Michael Peter**  
CEO  
Siemens Mobility

**Qusai Kankazar**  
Deputy Managing Director of Noatum Logistics

# Etihad Rail pioneering transport excellence

Etihad Rail was formed under Federal Law No. 2 with the mandate of managing the development, construction, and operation of the UAE's national railway, which was built to link the principal centres of industry, manufacturing, production, population and import/export points of the UAE and will form a vital part of the planned GCC railway network. Built to best international practice, Etihad Rail's state-of-the-art network improves the way goods and people move, opening new trade corridors and journey opportunities. The railway network is being developed and operated in line with the Abu Dhabi Economic Vision 2030 and UAE Centennial 2071.

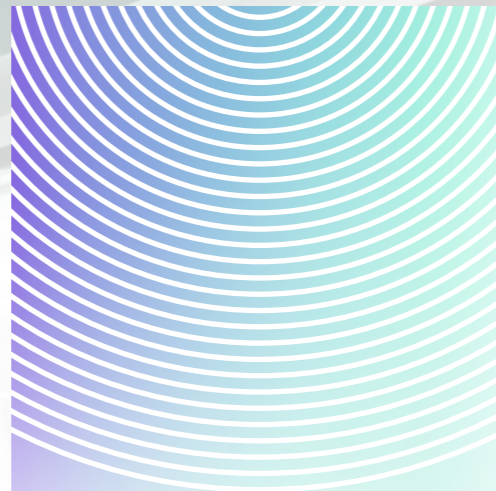

## The legacy

In December 2021, His Highness Sheikh Mohamed bin Zayed Al Nahyan, President of the United Arab Emirates and His Highness Sheikh Mohammed bin Rashid Al Maktoum, UAE Vice President, Prime Minister and Ruler of Dubai, launched the UAE Railway Programme, the largest integrated system for transporting goods and passengers across the country.

### The opportunity

The UAE National Railway network is expected to generate AED 200Bn in economic, strategic, and environmental opportunities over the next 50 years.

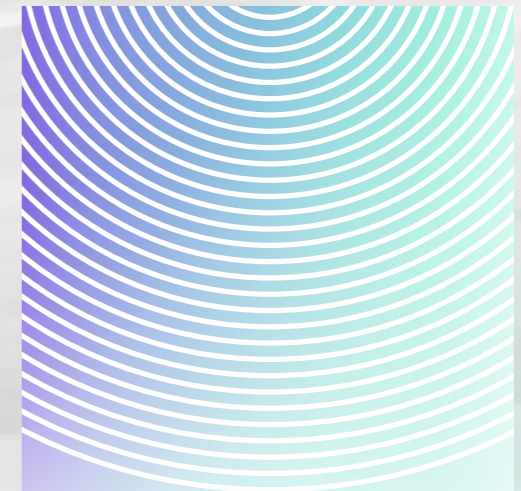

### The commitment

Etihad Rail is contributing to a reduction in CO<sub>2</sub> emissions in the UAE road transport sector by 21% per year, by 2050, equivalent to removing 8.2 million tonnes of CO<sub>2</sub>.

### The responsibility

Rail carries 8% of the world's passengers and 7% of global freight transport, representing only 2% of total transport energy demand.

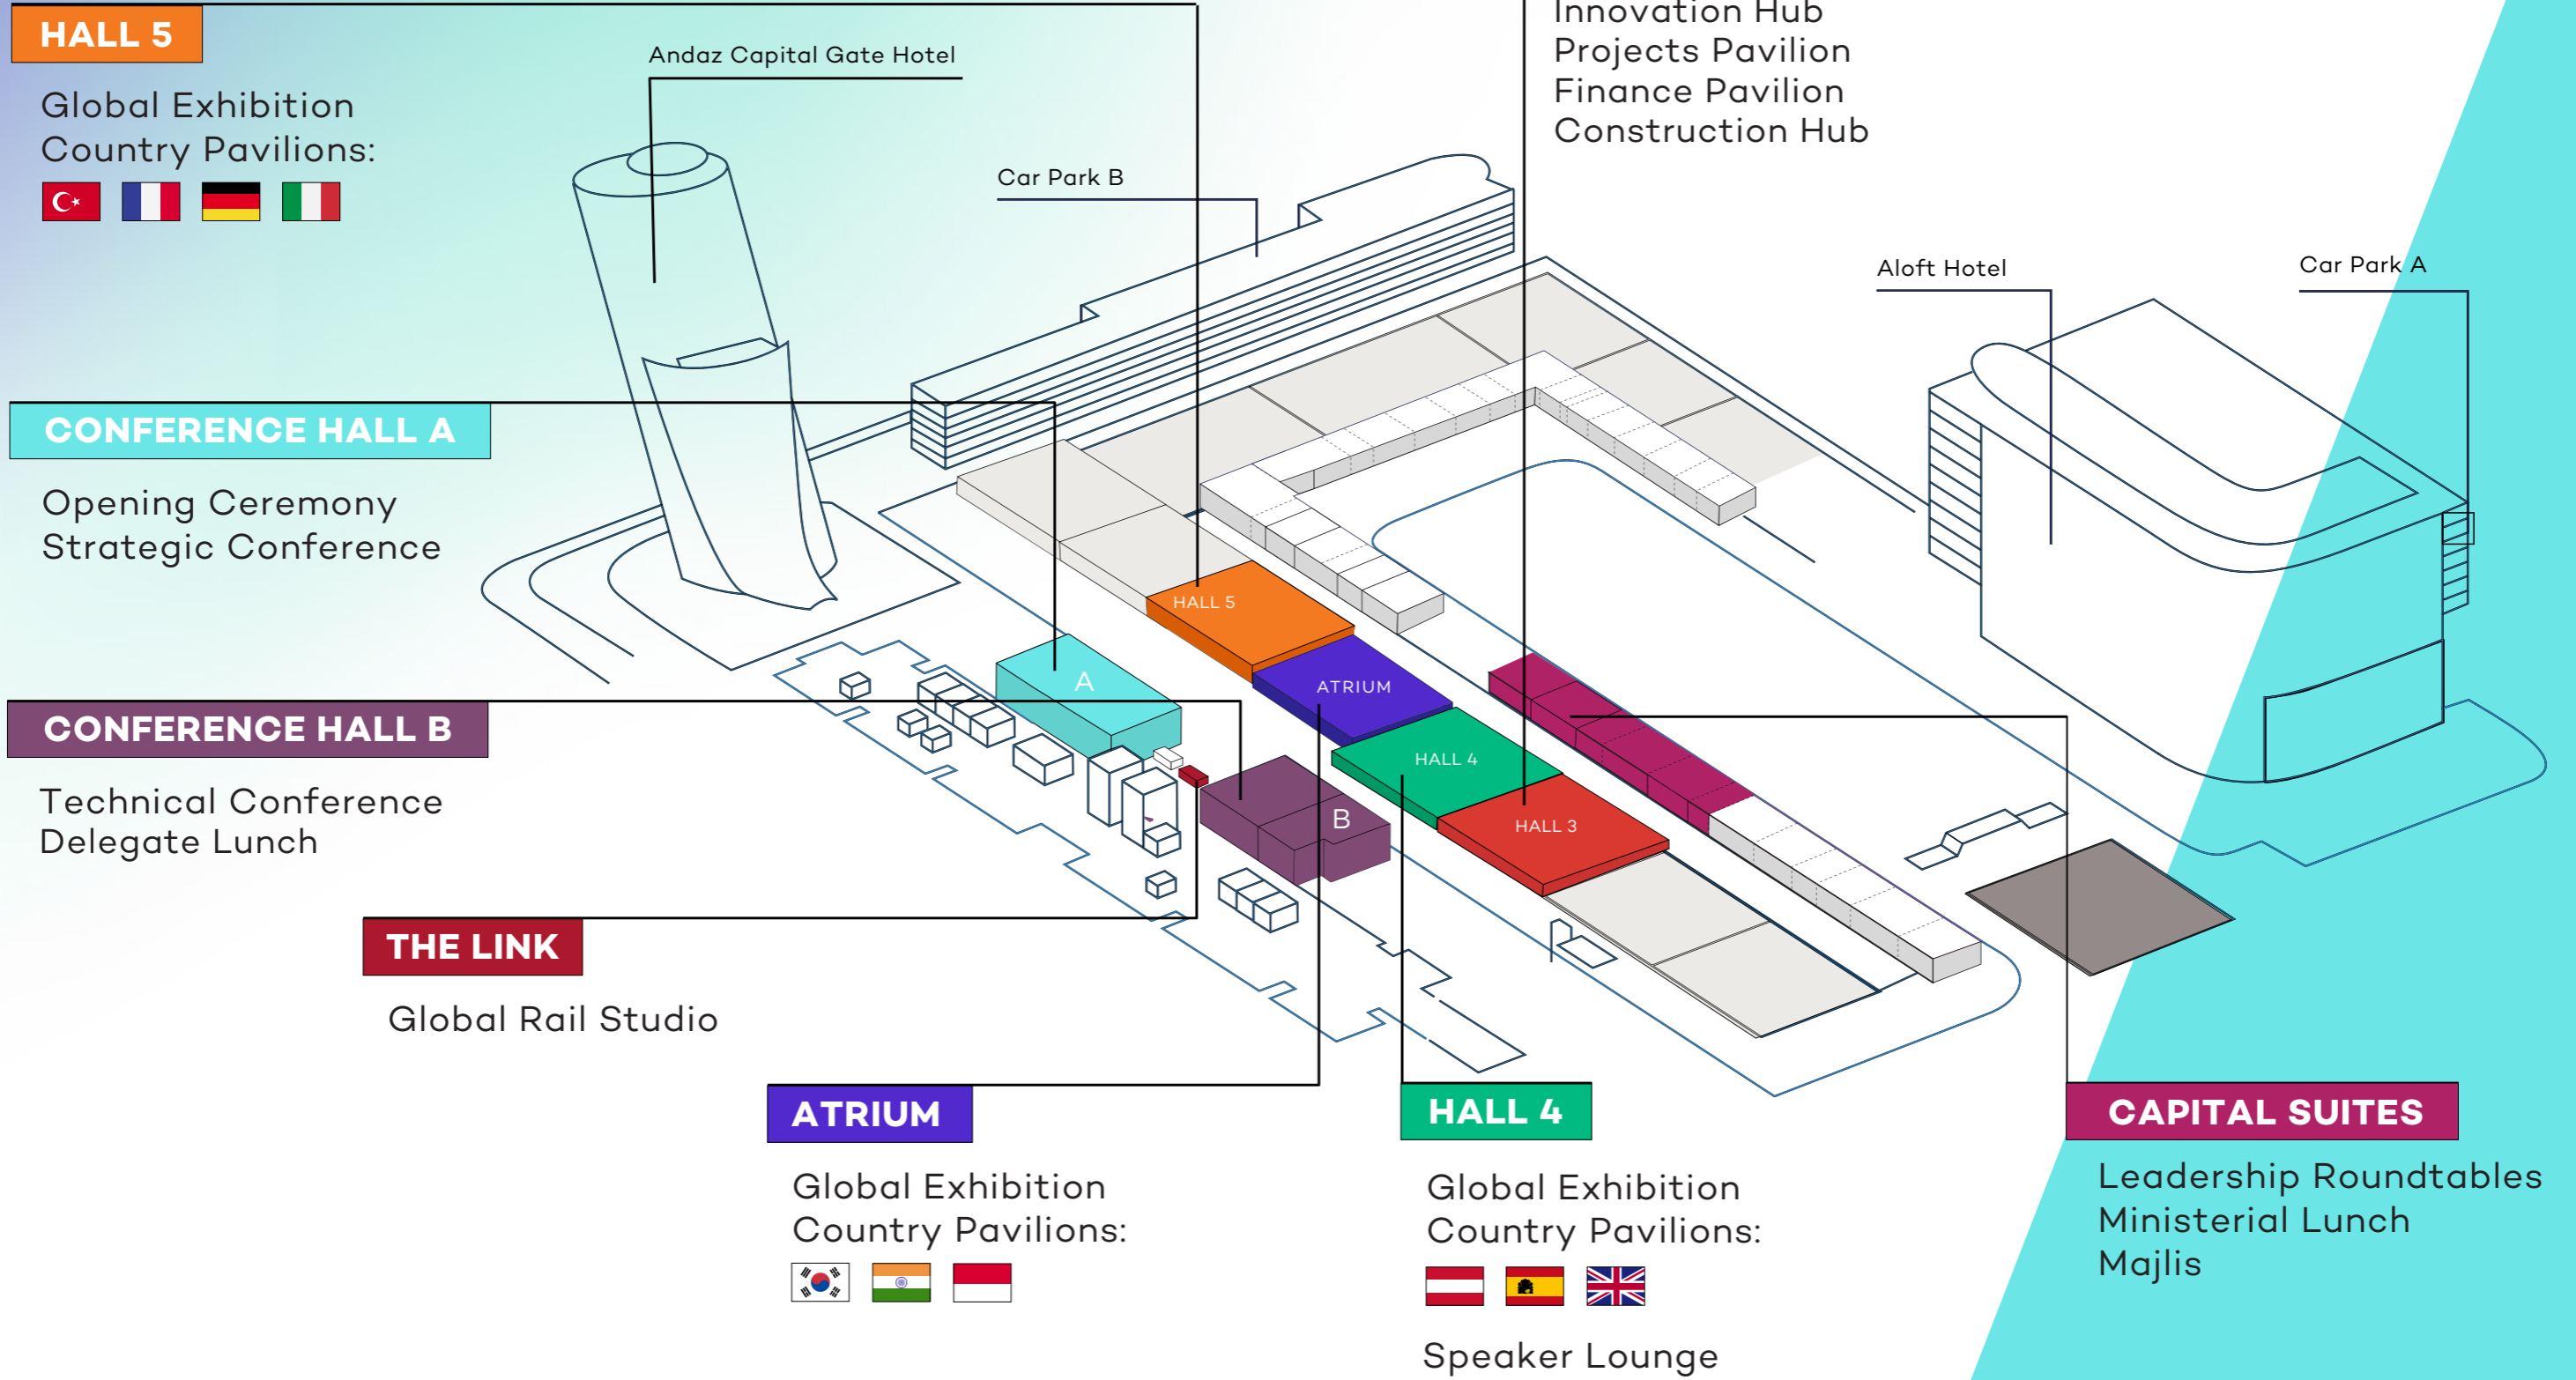

### The impact

Rail uses 80% less energy than trucks per ton of freight carried and has four times less emissions than cars.

# Floor plan

## ADNEC CENTRE ABU DHABI, UAE

# About Etihad Rail and dmG events

## Etihad Rail

Etihad Rail was established under Federal Law No. 2 with the mandate of overseeing the development, construction, and operation of the UAE's national freight and passenger railway network.

Since 2016, Etihad Rail has successfully operated the Shah-Habshan-Ruwais route, transporting granulated sulphur for export, and establishing rail as a safe and sustainable mode of transport with a proven track record. In 2023, construction on the network expansion was completed, marking the inauguration of the UAE National Railway Network and the launch of full freight operations from Ghuwaifat to Fujairah.

Etihad Rail now links all the emirates, connecting industrial and commercial centres with 11 terminals, including four major ports: Ruwais Inland Terminal, Ruwais Port, Industrial City of Abu Dhabi (ICAD), Khalifa Port, Dubai Industrial City (DIC), Jebel Ali Port, Al Ghail Dry Port, Fujairah Port, Ghuwaifat Terminal, Shah Terminal, and Habshan Terminal.

## dmG events

Headquartered in Dubai, United Arab Emirates since 1989, with offices in Canada, Egypt, Nigeria, Saudi Arabia, Singapore, South Africa, Thailand and the United Kingdom, dmG events is an international exhibitions, conference and intelligence company, attracting more than 1 million attendees to a portfolio of over 80 events each year.

The global portfolio works closely with key stakeholders across industries to facilitate pragmatic dialogue, serving as platforms for the latest discussions at the forefront of change.
